REEL Recovery Film Festival

Movies are a reflection of our daily lives. The **REEL Recovery Film Festival** — **South Florida** is an opportunity for participants to view new and classic films that focus on addiction and recovery and to discuss these exciting and provocative films from your “experienced” point of view.

This event is an ideal opportunity for treatment providers and businesses that support recovery to market their programs and services. Being a sponsor of the **REEL Recovery Film Festival** is an ideal way to promote your commitment to the recovery movement.

Floridians for Recovery, a 501(c)(3) organization, is an alliance of Florida residents that supports the recovery movement and battles to correct misconceptions and discrimination against those in recovery.
